

Fully Maintained Commercial Lease

You'll be free from maintenance and assessment reporting. FleetPartners' qualified experts specialise in looking after the needs of commercial vehicle operators.

Leasing your commercial vehicle fleet through FleetPartners frees resources for your business because your commercial vehicles are off the balance sheet, and all maintenance and compliance is taken care of for you.

Benefits to business

Access working capital - finance repayments are spread over time, so you keep your cash reserves for more effective use.

Cost control - we understand commercial vehicles and the industry standards around the costs involved so we can tightly manage the running costs for your fleet.

Eliminate asset risk - we take on the risk and disposal responsibility so you don't have to.

One fixed monthly payment - makes budget forecasting easy, with all your vehicle maintenance costs included. Competitive interest rates will be fixed for the term of the lease.

Free application - one credit application covers all your vehicle requirements for now and as your business grows.

National breakdown assistance - through our network of qualified mechanics to get your vehicles back on the road.

Inject cash back into your business - we can arrange a sale and leaseback of your existing fleet.

Easy administration - our free administration service will even pay vehicle registrations, tolls and process fines.

Specialist services included in your lease arrangement

1. Vehicle design and specification services
2. Vehicle procurement services
3. Fixed cost maintenance programmes
4. Vehicle assessments using Trailer WIN[®] weight distribution software to ensure legislative compliance
