

Commercial Leasing & Finance Solutions

KEEP YOUR FLEET ON THE ROAD WITH OUR COMMERCIAL VEHICLE EXPERTISE

We know that no two businesses are the same, so when it comes to your fleet, you should have options.
We combine flexible leasing options with your choice of light, medium & heavy duty trucks,
prime movers or trailers.

Control costs and increase availability

Our experts get to know your business to provide you with advice on the right equipment for the job. We then use our bulk buying power, to purchase your equipment at the best price, again reducing costs.

FleetPartners 'needs based' approach examines solutions that can help with:

Risk Management

- Managing safety risks and regulatory compliance
- Provides optional insurance coverage
- Value-added services improve safety performance
- Maximise driver and fleet returns

Human Resources

- Employee transition workshops
- Driver familiarisation and behaviour programs
- Highly trained field operations support staff

Vehicle Operations

- Insulation from unexpected costs
- Reliability assured for the life of the vehicle
- 24/7 access to dynamic fleet reporting

Financial Management

- Free up capital
- Improve cost predictability
- Insulation from value fluctuations
- Sell you fleet and lease it back

Customer Service

- Access to heavy vehicle fleet professionals
- 24/7 roadside and driver support
- Secure online access to fleet data

Business Strategy

- National network of partners
- Customised service requirements
- Annual reviews and cost saving initiatives
