

VEHICLE DROP OFF LOCATIONS

Please contact your account manager to organise the return of your vehicle at the end of lease. They can arrange pick up and transport to our return vehicle branch network or you can return the assets to one of the below locations. If you choose to drop off yourself, please ensure you return to the correct location as failure to do so may result in movement costs. Upon dropping off, please advise the site the vehicle is for FleetPartners.

COVID-19 Conditions

Prior to attending a specific site, please contact the site for Covid specific requirements and also adhere to the relevant state/territory health protocols.

NOTE: Some sites may require individuals to be fully vaccinated (including providing proof of vaccination on arrival).
